Announcement Founding of Resea Biotec GmbH

ReseaChem announces as of today the splitting of its business into two independent entities.

ReseaChem will continue with the «Chemistry» business with all its employees already working in this field.

The newly founded **Resea Biotec GmbH** will handle sales and service for Applikon Biotechnology B.V. **Resea Biotec GmbH** will start the new business with all its employees already working in the complete Applikon product line.

Questions & Answers:

Q: Why a split up from ReseaChem?

To better serve the biotech market and to further improve the customer service!

Q: What products and services does Resea Biotec GmbH offer?

As the official Swiss distributor for Applikon products, we provide full sales and after sales service support to our Swiss customers.

Q: How does this effect our customer and supplier?

There will be no change to the channel to market for the Applikon solutions. **Resea Biotec GmbH** will stay in place as Swiss distributor of Applikon products. **Resea Biotec GmbH** remains the sales and service center for our customers in Switzerland.

Resea Biotec GmbH will start the new business with all its employees already working in the complete Applikon product line. Contact persons remain Daniel Sigrist for service and support and Nina Steiger for sales and application.

There will be no change except the company name and the commercial register entry.

Should you require additional information, please do not hesitate to contact us. We are looking forward providing excellent service our customers through the newly founded company **Resea Biotec GmbH**.

See you soon
